PAY EQUITY: THE CANADIAN EXPERIENCE

(excluding Ontario)

The purpose of this bibliography is to provide the reader with a listing of readings concerned with pay equity initiatives in Canadian jurisdictions outside of Ontario. For readings on pay equity in Ontario see **Selected Bibliography No. 5: Pay Equity: The Ontario Experience.**

The bibliography is divided into sections, by jurisdiction. The first section lists items that provide a general overview of pay equity in Canada. The next section is concerned with the federal jurisdiction and is followed by the provinces, in alphabetical order. Entries were selected from the holdings of the Commission Library and include books, government reports, articles, newsletters, and newsclippings. Legislation is cited for those jurisdictions for which it existed as of September 1991. It should be noted that the bibliography is selective and additional materials, such as pamphlets, booklets, and clippings, may be found in the Library's extensive vertical files.

Commission staff may borrow the books/reports directly from the Library. **Members of the public may consult these materials in the Pay Equity Commission Library, use of the Library being by appointment only.** (For an appointment, contact the Commission Librarian at (416) 481-4464 ext. 263.)
